

CHAMBER OF COMMERCE GIVES BANQUET IN HONOR UNITED STATES SENATOR

COMMUNITY'S NEEDS ARE PRESENTED

Shall Not be Asleep at Post
When Interests of Commu-
nity Are at Stake

Eighty members of the Santa Ana Chamber of Commerce sat down to a banquet last night given in honor of United States Senator William Alden Smith of Michigan, who is visiting his parents, Mr. and Mrs. George R. Smith, and his sister, Mrs. Ella Fyfe.

Members of the Chamber of Commerce were hosts, and the banquet was given under that body's auspices. In chief, the object of the banquet and the speech-making was to do honor to the distinguished guest. Secondly it was meant to present to the senator a few of the needs this section expects to present for Federal favor. Among these needs is the improvement of Newport Harbor and the erection in Santa Ana of a Federal building for postoffice purposes. As a need of the entire coast, attention was called to the need of a merchant marine and a large Pacific squadron.

With Senator Smith last night were two friends, E. D. Conger, cashier of the people's Savings Bank of Grand Rapids, Mich., and W. S. Conger, owner of the San Bernardino Index. E. D. Conger traveled from the East to the Northwest with Senator Smith, where they are interested together in timber lands.

The banquet served last night was a feast of good things, served by the Dragon in the Odd Fellows' banquet hall.

Extends Welcome
Assemblyman Clyde Bishop, toastmaster, extended the city's welcome "to the man whose father and mother have spent half a lifetime among us, whom we know and love; to the man who has written his name in the history of our common country." Bishop said it was the purpose of the Chamber of Commerce to do honor to Senator Smith, and at the same time to impress upon the great legislator some of the needs of the West, and of this country.

A. C. Black, for the Chamber of Commerce, expressed the general kindly feeling of the people of the city toward Senator Smith.

At the Beginning
"We know this country is a garden spot," said the toastmaster, "and I call on Mr. James McFadden for remarks upon the county's history. He has been here since the beginning."

"I was probably in this valley before any of you," said the pioneer. "I arrived here in July of 1868. I came on the advice of Sanford Flint, and I judged that the soil was fertile by the way that mustard grew. That was the way we judged of soil in those days. I rode horseback through trails in patches of mustard so high I could only see the distant mountain tops. Spanish horses and sheep fed on the plains, and not many of them were here. I bought a one-sixteenth interest in the Rancho Santiago de Santa Ana from Diego Sepulveda, a Spaniard who lived near Wilmington. To show you what Los Angeles people thought of this country for farming, Judge Dryden told me in all sincerity that he did not think it worth ten cents an acre."

"Coming down to later years, we found the ranchers growing raisins anxious to let their property go to meet the mortgages. That time passed, and good times came. Later history you know as well as I."

Newport Harbor?
"Do we need a harbor?" was the toast responded to by Dr. C. D. Ball. "We know that when Senator Smith was first given the high honor by Michigan, his first thought was for his parents and sister, whom we have known and loved these sixteen years of their residence here in Santa Ana. We have come to know Senator Smith, and when the news came that he was close to death, you will remember how each day we anxiously asked: 'How is Smith?'"

Dr. Ball pointed to the fact that Newport Bay is the only land-locked harbor in Southern California except San Diego. Quoting from history, he showed that early Spanish mariners put into the bay for safety during storm.

Williamson, Villa Park; Omer Huddleston, Olinde; W. C. Crawford, Santa Ana; U. S. Lemon, Garden Grove; John H. Gilmore, Anaheim; W. D. Seeley, Huntington Beach; J. C. McDowell, Talbert; David Bertsch, West Anaheim; C. A. Barton, Newport Beach; T. F. Tedford, West Orange; Robert H. English, Santa Ana; A. J. McFadden, Myford; Jacob Walton, Westminster; A. S. Bradford, Placentia.

HAS PATENT ON AUTO TIRE

I. O. Wilson of Santa Ana Finds
His Invention to be Work-
ing in Fine Shape

I. O. Wilson has patented an automobile tire, for the making and marketing of which a company is being formed. The tire depends upon neither air nor rubber, and cannot be punctured. It is made of a series of steel springs, shaped to correspond with the tire, separated by lubricated felt. A water-proof leather with rivets will be outside. This tire will be guaranteed for 6000 miles. Wilson has been using one on his automobile, and finds that it is thoroughly satisfactory.

RUN OF CRIME IS AT CLIMAX

Gas Pipe Thug Beats Men Al-
most to Death—12 Rob-
beries Within 48 Hours

BAKERSFIELD, Nov. 26.—Eugene Smith and Thomas Ommens are near death in a hospital as a result of a beating administered by a gas pipe thug last night.

Both were beaten insensible, Smith's skull was fractured and Ommens' head was almost beaten to a pulp. This attack marks the climax of the longest reign of crime in the history of Bakersfield. Twelve robberies were reported in the last forty-eight hours.

OIL LAND LEASING WILL BE FAVORED

Congressman Smith Has Mes-
sage From Sec. Ballinger
to That Effect

LOS ANGELES, Nov. 26.—Congressman Smith of Bakersfield is here today preparing to start to Washington tomorrow for the coming congress.

He said today before leaving Bakersfield that he had received a message from Secretary of the Interior Ballinger confirming the report that the leasing system for California oil lands will be recommended and a law proposed providing for a suitable period for the examination of lands before their patenting is permitted.

TAKEN IN AS VAG AND FINDS A JOB

George Smith, aged 17, arrested as a hobo, was taken into the juvenile court this morning. He said he rode to San Bernardino from Ohio on a ticket. At San Bernardino he was robbed of his money by an old friend. He walked to Orange, and was beating his way to National City to work when he was arrested. Perry Neely offered the boy a job, and the boy took it gladly.

ARTICLES FILED BY ASSOCIATION

Articles of incorporation were filed today by Attorney Head for the Elks Building Association of Santa Ana. The association is for social and benevolent purposes, and has no capital stock, and was formed by the local Elks lodge. The directors are V. V. Tubbs, G. E. Peters, J. D. Thomas, H. W. McCullough and H. T. Rutherford.

FINE OF \$200 IS SENTENCE NAMED

A fine of \$200, with the alternative of 150 days in jail, was the sentence imposed this morning by Justice Smithwick upon C. S. Hemstreet, the Newport Beach fisherman convicted of selling liquor to a boy, Victor Everett. Hemstreet's attorney, a Los Angeles man, gave notice of an appeal to the superior court.

FIRE IN FACTORY PROVED HOLOCAUST

LABOR FIGHT TO BE BITTER

ST. LOUIS, Nov. 26.—The bitterest fight of recent years in the ranks of organized labor was precipitated today when President Gompers, presiding over the convention of the American Federation of Labor, revised the rule on which the Machinists Trade Union should have jurisdiction over the machinists in metalliferous mines. The Machinist Trade Union is pitted against the Western Federation of Miners and Gompers has been forced to act as a buffer between the belligerents. The Miners Federation demanded that they be given the right

to control the mine machinists. The International Machinists claimed the same right. Gompers refused to make a decision. It is predicted the controversy will be made the main issue in the election of Federation officers.

A charter for the Western Federation of Miners was temporarily refused by the American Federation of Labor today. Whether or not it will ultimately be granted lies with the American Federation executive committee to which the application is now referred. Today's action followed a bitter debate.

HE JEERED AT "DIVINE RIGHT"

BERLIN, Nov. 26.—The "divine right" idea of the Kaiser was bitterly attacked in the Reichstag today by Herr Lebedour, Socialist.

Lebedour declared that the Kaiser's recent speech glorifying his ancestors had irritated the people, holding the nation up to the world's ridicule.

He attacked the monarch's veracity by saying that many pledges to the people given solemnly from the throne had been unfulfilled.

He suggested that the Kaiser carry out these promises, then keep silent for the rest of his reign. The speech made a profound sensation.

100,000,000 MARK IN U. S. BELIEVED TO BE ATTAINED

WASHINGTON, Nov. 26.—The United States has passed the one hundred million mark in population. Including the Philippine Islands and Porto Rico and not including Guam and part of the islands of the Samoan group, the American flag floats over a population of 103,992,757. Exclusive of the Philippine Islands, Porto Rico, Guam and Samoa, but including Alaska and Hawaii, the population of the United States is 93,471,648. Ten years ago the population of the same territory was 76,303,387.

It will be several weeks before the official figures will be made public by the census bureau, but there is no doubt that the foregoing figures are very close to the mark. They are based on the percentage of gain shown by the population statistics of eighteen states and territories which have been compiled officially by the census bureau.

It is believed that the percentage of gain for all the states and territories will be approximately 22.5 over the census of ten years ago.

WATER SHIPPING RATES OF CITRUS FRUITS ARE LOW

LOS ANGELES, Nov. 26.—J. W. Chapman, traffic manager for the California and Atlantic Steamship Company, arrived in Los Angeles yesterday in the interests of the new twenty-five day schedule, which that company is operating in the transportation of citrus fruits from this port to New York. This service, says Chapman, will be given at the rate of seventy cents a hundred pounds, in comparison with the \$1.15 rate of the railroads.

Chapman announces the greatest cut in the dried fruit rate. The rate of \$1.30 now in effect on the railroads, will be lowered to forty cents a hundred pounds, by his company, he declares. In shipments to Panama, the company announces a \$3.50 a ton rate, more than 50 per cent less than the rates that have recently obtained for similar service.

CHICAGO, Nov. 26.—Michael Cudahy, the veteran packer, is dying here today. Physicians attending him said it was doubtful if he could live until night. He was operated on for appendicitis last Tuesday. He rallied, but contracted pneumonia.

N. E. A. WILL BE HELD IN SAN FRANCISCO

CHICAGO, Nov. 26.—The next convention of the National Educational Association will be held in San Francisco. The decision was reached today by the executive committee. The convention dates are July 8-14.

OKLAHOMA TO GET NEW CONGRESSMAN RESULT OF CENSUS

WASHINGTON, Nov. 26.—The census bureau has announced the population of Oklahoma as 1,657,155, and increase of 242,978, or 17 per cent since 1907, when the census was taken to give the territory's standing as a state. The result gives the state another congressman.

HEAP BAD INDIAN CAPTURED TODAY

Wholesale Stabbing Done by
Alberto Tobin When His
Fellows Refused Aid

SAN BERNARDINO, Nov. 26.—Alberto Tobin, the Indian who is alleged to have stabbed five and shot another Indian, was captured this morning in the bald hills by Deputy Dolch. He will be brought here today.

The Indians known as Melle May Neck, Manuel Japoly, Harold Jim and Cathie Boniface are being treated in the San Bernardino county hospital for knife wounds, and Lou Wright for a revolver wound in the arm.

The Indian is alleged to have attacked them because they refused to provide him with provisions when he escaped from jail last week, where he was held on a charge of disturbing the peace.

FOREST REVENUES SUPPORT SCHOOLS AND GOOD ROADS

WASHINGTON, Nov. 26.—Figures of the fiscal year ending July 30th, announced by the department of agriculture shows that the half million dollars revenue from the national forests goes for roads and schools, in the states where the forests are located.

California gets \$60,752.91. California's increase is twenty-five per cent.

The first installment of state and county taxes will become delinquent Monday at 6 p.m. Owners of property have but that one day, Monday, in which they can pay the first installment. If you have not paid, avoid the penalty by writing out a check and mailing it to the tax collector with the bill that is in your possession.

FIFTY MISSING IN NEWARK FIRE

Flames Spread Rapidly In An-
cient Building That Was
Death Trap

TWENTY GIVEN IN
LAST OFFICIAL REPORT

Many Perished As They Jumped
For Their Lives From the
Mass of Flames

NEWARK, N. J., Nov. 26.—The official number of known dead in Newark's most disastrous fire was reported at 4 o'clock at twenty, with forty injured. Many of these may die. Fifty-two are missing and there is little hope that they will be found. A conservative estimate of the dead is placed at forty.

Identified dead: Mrs. Frances Krathia, Abbie Washington, Alice Nelson, Mrs. Bessie Rosin, Mrs. Mary Labieux.

DEATH RAMPANT AT AWFUL FIRE

NEWARK, N. J., Nov. 26.—Eighteen persons perished today in a fire that destroyed the Newark Paper Box Company's factory. Many others of the one hundred and fifty employees of the factory had not been located at noon, and it is believed possible that a score of others are lost.

While the fire was at its height, three priests, Fathers Keenan, Dillon and Brennan disregarded the pleadings of the crowd and forced an entrance into the burning building to give consolation and absolution to the dying. They were later dragged out exhausted by the firemen.

Twenty-one employees are still missing. It is believed the bodies are in the ruins. None of the firemen was seriously hurt, but there were many narrow escapes. When recovered the bodies of the dead were charred beyond recognition. The majority of the dead are girls and women.

The building was very old. The firemen say the fire escapes were of an obsolete pattern. All the stairways were of inflammable material. The entire building was wrecked within twenty minutes after the fire was discovered. The building was in the heart of the manufacturing district. The fire was confined with difficulty.

The origin of the fire is unknown. It apparently started in all parts of the building simultaneously. Exit by the fire escapes was impossible. The windows were immediately filled with hysterical men and women. The escape ladders caught fire before the firemen could ascend and life nets were spread and many leaping for them missed the nets and were horribly maimed. Six jumping from the upper windows were instantly killed.

Several of the firemen were hurt, being struck by the leaping men. Most of those employed in the building were girls. Eight of the known dead are girls.

The firemen were repeatedly driven back in their attempts to enter the building. The majority of those saved leaped into the nets. The bodies of the victims were laid in a row in the street to await ambulances. A score of the injured also lay in the street while the firemen worked around them.

The survivors declare the fire was caused by the explosion of a gasoline lamp on the third floor. Twenty-four were seriously injured by jumping from the fourth floor. Two died en route to the hospital.

Figures from Thirty-nine Coun-
ties Show Highway Bonds
Behind 5,189

Varying reports have been given out concerning the vote upon the proposed \$18,000,000 highway bonds, and Dr. G. H. Dobson, one of the leaders in the good roads movement in this county, telegraphed to Secretary of State Curry for figures.

Dr. Dobson today received a report showing that the figures as they stand in the secretary of state's office. Thirty-nine out of the fifty-two counties have sent in official returns. Those thirty-nine counties show: For the bonds, 46,439; against, 31,004; total, 77,443; necessary two-thirds would be, 51,628. As these counties stand the bonds are 5189 behind.

The good roads people here are still in doubt as to what they will do should it develop that the bonds have carried.

SAILORS GAINED MUCH BY MUTINY

Better Pay, Shorter Hours and
Abolition of Corporal
Punishment

RIO DE JANEIRO, Nov. 26.—President Fonseca last evening signed the measure meeting every demand of the outlaw Brazilian sailors and the mutiny was ended.

Visited by a delegate of the government and a reporter, Joao Candido, the negro head of the mutiny said:

"We have ammunition enough to resist, but are willing to submit if amnesty and our other conditions are accepted."

The victory of the sailors, which was gained only after they had killed four superior officers, among them the captain of the battleship Minas Geraes, means for them increased pay, shorter hours of work through larger crews and the abolition of corporal punishment.

WITNESS TOLD TOO MUCH AND SEELEY'S DIVORCE IS HUNG UP

One of William R. Seeley's witnesses told a little too much yesterday, and consequently Seeley's divorce prospects are somewhat in arrears. He and his attorney, Tipton of Anaheim, were before Judge West yesterday, and Seeley took the stand. He told about his wife leaving him and also about her having inflicted a wound upon one ear. The plea seemed to be a mixture of desertion and cruelty. The story concerned affairs of a year or more back. Under the law to constitute desertion the party complained of must have absented himself or herself for at least a year.

Mrs. Taylor of Los Angeles was placed on the stand. She said she bought some furniture from the Seeleys. She heard Seeley say to his wife that he wanted her to keep the furniture and for her to make her home

with him. Mrs. Seeley refused.

Mrs. Taylor was about to leave the stand when Judge West asked:

"This was a year or two ago?"

"Only about three months ago."

"Were they living together at that time?"

"Yes. I lived in the same house."

The circumstances as developed by Mrs. Taylor's testimony were such that Seeley's chances of getting a divorce decree on the ground of desertion were knocked higher than Gilroy's kite. Seeley returned to the stand and tried to bolster a plea of cruelty, but the judge was not satisfied. He continued the case one week, and asked that Mrs. Seeley, whose name is Lillie Roxie Seeley, be brought into court. Seeley lived at Anaheim, and now lives at Orange.

Huntington Beach Justice Finds Real Estate Man Guilty As Charged

HUNTINGTON BEACH, Nov. 25.—E. M. Hansbraugh was found guilty yesterday of violating the city ordinance by conducting a real estate business without a license. The trial was before Police Justice Shirley. The defendant demanded a jury trial and it took two days to secure the twelve jurors, since nearly every man in the city had expressed an opinion which "nothing could change." The case was prosecuted by City Attorney Blodgett and defended by W. E. Ferguson of Santa Ana.

Hansbraugh was found guilty after a defense based on technicalities. An appeal will be made to the Superior Court and an attempt made to invalidate the city ordinance, on the grounds that it is class legislation, since real estate men and merchants are required to pay license and barbers and lawyers are exempt.

"The matter won't stop until the city is disincorporated," said Hansbraugh. "A petition is out now and it's going to carry all right."

TALBERT NOTES

TALBERT, Nov. 25.—Mrs. S. E. Talbert was called to the bedside of her brother, Horace Brady, in Long Beach last week. Mr. Brady is critically ill.

Miss Alice Robinson of Santa Ana, spent Saturday and Sunday here visiting her friend, Miss Alma Plavin.

Mr. Wilson O'arr with his wife and baby, visited his brother, the pastor, last Sunday.

Rev. R. R. Raymond, pastor of the Hollywood Methodist church, is visiting his daughter, Mrs. Stephen Griset, this week.

Diamond Struggle Tomorrow

Tomorrow afternoon the locals will cross bats with the Universities of Los Angeles. These fellows have a strong team and expect to keep up their great string of victories. But the locals are anxious to wipe out the stain of defeat of last Sunday's game. So come out and give the boys a good welcome. This is the first time that the Universities have ever played here. Game called at 2:30.

BAD STOMACHS PUT IN ORDER

No Indigestion, Gas, Heartburn or Dyspepsia Five Minutes Later

—If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache—this is indigestion.

A full case of Pape's Diapepsin costs only 50 cents and will thoroughly cure your out-of-order stomach, and leave sufficient about the house in case some one else in the family may suffer from stomach trouble or indigestion.

Ask your pharmacist to show you the formula plainly printed on these 50-cent cases, then you will understand why dyspeptic trouble of all kinds must go, and why they usually relieve sour, out-of-order stomachs or indigestion in five minutes. Diapepsin is harmless and tastes like candy though each dose contains power sufficient to digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many Diapepsin cranks, as some people will call them, but you will be cranks about this splendid stomach preparation, too, if you ever try a little for indigestion or gastritis or any other stomach misery. Get some now, this minute, and forever rid yourself of stomach trouble and indigestion.

FIELD SHOWS A BIG GAIN

Fullerton Wells Increased 40,000 Barrels During Month —Many New Wells

Los Angeles Times: Oil production figures show that the Fullerton field increased its output in October about 40,000 barrels over the previous month. The total yield of the field in September was approximately 440,000 barrels, against 480,000 barrels in October.

The Union Oil Company increased its production by several thousand barrels, as did also the Industrial Oil Company, the Petroleum Development Company (the Santa Fe) and others. The Oil and Land and Oil Company has completed its well No. 4 which is good for about 225 barrels of 15.5 gravity oil. This makes three wells on the pump for the Oil and Land and two strings of tools running.

The Industrial Oil Company has finished its well No. 38 and now has it on the pump making about 175 barrels daily. The Industrial is running ten strings of tools and has a new rig up. The company has thirty producing wells.

The Graham-Loftus Oil Company is running four strings of tools. The Amalgamated Oil Company is taking the Graham-Loftus production through an arrangement with the Union Oil Company whereby the latter handles it through its pipe line, transporting it to the Amalgamated's refinery or "topping" plant in this city.

Other companies are also keeping up with the procession in increasing production in this field. There is a total of fifty-nine wells drilling in the Fullerton district, and four rigs were up on the last day of October, indicating a slight increase in development work as compared with previous months. Three drilling are suspended. The Petroleum Development Co. has forty-five producing wells and ten strings of tools running.

ACCIDENTAL SHOTS ENTERED HIS FACE

Anaheim Gazette: Albert Bittner, aged 20, son of N. A. Bittner, was seriously injured on Sunday by being struck in the face by several stray birdshot from a companion's gun while hunting quail in the riverbed south of town. Pete Wisser and Geo. Hatfield were with him at the time. The shot was from the latter's gun, as he discharged it at a covey of birds. One shot entered the eye and others lodged in the face and hand. The injured man was brought to town and his wounds dressed. No permanent injury is anticipated.

FALLING HAIR

Easy to Stop It and Make It Lustrous and Beautiful

—If your hair is falling out; if you have dull, unattractive hair, or if you need a daily hair dressing, read what Mrs. Hettie Hodgman of Nelsonville, Erie county, Ohio, writes June 3, 1910 about Parisian Sage:

"I used Parisian Sage for falling hair and find it the finest thing I ever heard of. My hair was falling out by combs full, and I could run my fingers through it and they would hang full of loose hair. I washed my hair and got a bottle of Parisian Sage and used two applications, and I could see a great difference. My hair was lustrous and nice and had almost stopped falling out, and by the use of one more bottle it stopped altogether."

For women, for men or for children Parisian Sage is without any doubt the finest preparation for the hair. It is guaranteed by Rowley Drug Co. to stop hair from falling; to eradicate dandruff and stop itching scalp in two weeks, or money back. It is a most daintily perfumed hair dressing, free from grease or stickiness, and ought to be in every home where every member of the family could use it daily. Large bottle 50 cents at Rowley Drug Co. and druggists everywhere. The girl with the Auburn hair is on every package.

27,245 feet, or 5 1/2 miles.

On ditch A4, have put in two sand boxes of cement, eight feet long, eight feet deep and 45 inches in width. At the intake have put in a cement "apron" to protect the east wall. Have had a 30-inch "jacket," or outer-form, made to be used in making 30-inch pipe. Have put in 43 iron shut-off gates. Our division gate was put in, as usual, in May, and the pumping plants were started the 27th of April. There have been three new ditches accepted by the company during the year. The usual cleaning of ditches has been done and all the minor details of the work, such as delivering stops, repairing bridges and breaks in ditches wherever necessary, putting in dam, and so on, has been attended to as usual.

All of which is respectfully submitted,

J. A. SMITH, Superintendent.

Pumping Plants

At the two plants in the Santa Ana canyon, we have drilled two 15-inch wells at each plant, about 80 feet in depth, and are now having a 10x10 foot shaft sunk at each plant to be sunk down to shale, if possible. We thereby hope to get all the water, each season, that the basin contains.

Purchase of Land

We have purchased from Ann Field, her ranch of 22 acres about one mile west of Olive, on which is located a pumping plant, pumping 50 inches of water, for the sum of \$13,000.

Amendments

At our last annual meeting, a resolution was passed, instructing the board of directors to appoint a commission, consisting of five stockholders, to revise the by-laws. The commission was appointed and after spending considerable time in revising the by-laws, said by-laws as revised with a proposition to raise the capital stock, were submitted to the stockholders at a meeting on May 7, 1910, called for the purpose which meeting was adjourned to July 9, 1910, when a vote was taken, which resulted in the defeat of the proposition submitted.

Litigation

During the last year, progress has been made in the various suits in which the company is involved.

In the action of the Development Company against the Fullers, in the Federal court, there has been a trial before Judge Ross, and as soon as the judge has his appellate work off his hands, the case will be orally argued and briefed by the solicitors for the respective parties. The trial was much shortened in this case by several conferences held between the attorneys, and by the visit of Judge Ross to the premises, so that instead of taking twenty days, as in the original Fuller trial, the evidence was all put in in two days.

In the action in the same court against the Gage Canal Co. and others, to determine the amount of water which the Riverside Water Company and others were entitled to take from the river, and to restrain them from injurious and excessive pumping, agreements have been reached and contracts of settlement signed with the Riverside Highland Water Company and Gage Canal Company. An agreement has been reached with the 350 inch Water Company, which only awaits a formal execution by the parties.

These agreements and that with the Riverside Water Company noted in our last report settle the case and fix our rights as to all the principal and established users of water involved in the action. But there remains the Rogers Development Company and others whose diversions are of less amount and whose rights are less certain, against whom the action will be pushed to judgment wherever satisfactory adjustments cannot be reached out of court.

The suit brought by the Irvine Company to prohibit this company from allowing waste water to escape from the lower end of the upper canal down over the lands west and south of the Red Hill, is still in its preliminary stages, neither party seeming in a hurry to push the suit.

The action by the city of Santa Ana against this company has been tried by Judge Oster and a judgment given in favor of the city and the abutting land owners. Judgment was given against us largely on the authority of a case decided last October by the District Court of Appeal. But the Supreme Court granted a rehearing in that case. We had our attorney file a brief on our behalf, and hope that the Supreme Court will reverse the rule laid down by the District Court of Appeal. This rule was that, according to Section 551 of the Civil Code, any person or corporation who maintains a canal, flume, or other appliance for the conducting of water must construct, maintain, and keep in repair bridges across all public highways, not only where the highway existed when the ditch was laid out across it, but also where the ditch was there first and the highway was subsequently laid out across or along it. This rule, if maintained by the Supreme Court, would leave every canal of this company and every private irrigation ditch of every one of its stockholders, as well as their pipe lines and flumes, absolutely at the mercy of the Board of Supervisors of the county and of the Board of Trustees of the city in which they happen to be, so that by laying out a public road or street across, or even along the entire length of such ditch or pipe line, the board could compel the company or stockholder to bridge or pipe or place underground such canal or pipe line, so as not to interfere with the road or highway. This rule seems to be very unjust and dangerous to this company and its stockholders, and we have, therefore, ordered our attorney to appeal the Santa Ana case to the Supreme Court of this state, and, if necessary, to the Supreme Court of the United States, on the ground that the property of the company cannot be taken without compensation or due process of law.

All of which is respectfully submitted,

THE NEW BANKING LAW MAKES GOOD

Alden Anderson, Superintendent of Banks for California, has submitted his first annual report to Governor Gillett, and it makes a showing for these financial institutions of which the state may well be proud. In his review of their general condition, Mr. Anderson says:

"I am pleased to state that the banks of the state today are generally in splendid condition. A few are working out problems left them by former managements, but all banks are solvent. Fifty-one banks have been required to make good impairment of capital stock, doubtful assets have been written off, excessive loans reduced, and overdrafts and investments in stocks largely eliminated. These readjustments, together with the various consolidations, have served to materially strengthen the banking situation. Deposits have increased and there is generally greater confidence and a better feeling of security than existed before the enactment of the present law."

When the present term began, July 1, 1909, there were 468 state banks in existence. Since that time thirty-five new banks and eighteen branch banks have been established and twelve have been changed from state to national. Thirteen banks and two branches have been closed for various reasons by Mr. Anderson. On October 1st last the total individual deposits in these banks was \$459,675,436.70. Deducting the deposits withdrawn on account of nationalization there has been a gain of \$56,300,000 during the present administration of the Department.

In his report, Superintendent Anderson commends the new banking law heartily. He further states that practically all of the conservative bankers of the state are in full accord with the measure, although they were at first opposed to its provision through the fear of their being too drastic.

The Arizona Constitution makers have queered themselves with the suffragists by refusing to submit their plank to the voters separately, the same as was done with the proposed Prohibition question. The ladies will undoubtedly console themselves with the thought that this constitution, now being prepared, will stand a remarkably good chance of being turned down, either at home or in Washington, so their present defeat will not amount to much in the long run.

BELIEVED DEAD

EVANSVILLE, Ind., Nov. 26.—Rescuers emerging from the mine of the Providence Coal Company, Providence, Kentucky, which was partially destroyed by a gas explosion, declared that the shafts are still filled with gas. Ten miners entombed are believed to be dead.

BATTLING NELSON
MET MORAN TODAY

SAN FRANCISCO, Nov. 26.—Batling Nelson today was given a last chance to qualify for a match with Ad Wilgast to regain his lost championship, when he met Owen Moran in a twenty-round fight in an arena on Eighth and Howard streets in the heart of San Francisco, erected for the Jeffries-Johnson fight. There was a record attendance. Moran was a ten to eight favorite.

FEARS ALLAYED AS TO
FATALITIES FROM FLOOD

CORDOVA, Alaska, Nov. 26.—Fears that many perished in the glacial flood in Behring River Valley, were allayed when reports from Catala stated that searching parties had not found anything indicating fatalities. Great property damage, however, was done in the villages. The river is normal to day.

LARGEST CAPTIVE ELEPHANT
WAS EXECUTED FOR MURDER

NEW YORK, Nov. 26.—Queen, the largest elephant in captivity, and 87 years old, was executed yesterday in Jersey City, paying the penalty of death, imposed by Frank Robbins, the circus man, for the murder of Robert Shields, an assistant keeper, on October 29 last. She devoured the enormous dose of 600 grains of cyanide of potassium, enough to kill as many human beings.

Mrs. Caroline Schnitker was a passenger to Santa Ana Thursday.

Mr. Ingraham of Los Angeles, is occupying the Burnham cottage on the bay front.

Mrs. E. Wilson went to Los Angeles today to visit her daughter, Mrs. C. H. Wimpess.

Mrs. E. Wilson entertained the Tuesday Social Club this week at her home on Bay avenue.

Mr. and Mrs. W. M. Watkins of Los Angeles are occupying Dr. E. J. Cook's cottage on Bay Island.

Horace Little left Wednesday for Redlands, where he will combine business with pleasure for a few days.

Mrs. M. T. Parks of Bay Island, returned Thursday after spending a few days in Los Angeles with her daughter, Mrs. G. W. Eddy.

Mr. and Mrs. E. G. Taylor, who have been in charge of the cafe for the past two months, left Wednesday for Long Beach.

Mr. and Mrs. H. L. Heffner of Bay Island left this week for Aetna, Cal., where they will make their home in the future, having purchased a large ranch there.

Mr. and Mrs. Walter W. Brown of Los Angeles, occupied their cottage on the bay front most of the week. They are making some improvements on their house while here.

Mrs. Lena Scharinghausen, who is here from Covington, Kentucky, visiting her cousin Mrs. Caroline Schnitker, left Wednesday for Los Angeles to visit relatives for a week.

Mrs. Mary A. L. Eaton, Mrs. Willa Smith and the Misses Eaton, who have been occupying the Woodhill cottage on the ocean front for the last six weeks, returned to their home in Los Angeles Thursday.

The Ebell Club held its regular semi-monthly meeting Thursday in their new club house on Central avenue. There was a good attendance of the members and a great deal of business of importance was transacted.

Thursday and Friday mornings of this week saw two 6.7 tides about the highest they ever get here. The high water did absolutely no damage as it came in lazily and overflowed the beach without any breakers whatever.

At Long Beach a heavy ground swell accompanied the high tide and caused a great deal of damage to the walk west of the Virginia Hotel.

HALF BREED NEGRO
GUILTY OF MURDERS

TRENTON, N. J., Nov. 26.—John Sears, a half-breed negro, Friday confessed to the murder of Rev. Amzi Armstrong and Mrs. Armstrong, at their home Wednesday night. Sears says he killed the Armstrongs to get a share of the estate the minister bequeathed to him in his will.

Armstrong was 80 years old, and reputed to be wealthy. He was pastor of the Presbyterian church many years. He and his wife were shot through the breast. Authorities followed a trail of blood leading from their home. It is evident the murderer stepped in a pool of blood or attempted to carry away bloody clothing, which dripped. Sears was arrested early today and a confession was quickly obtained.

THANKSGIVING DAY CELEBRATED AT HARPER

(Communicated.)
The second annual picnic was held at the school house at Harper Station on Thanksgiving day. This spot instead of the barley field as it was a few years ago, is now a community of prosperous farmers and gardeners. In fact Harper is a little city of its own class, having beautiful streets, fine, nicely kept homes, one general store and a postoffice where is received the daily mail. A nice new school house has just been completed with two nice large rooms.

It is centrally located and it was there the people met on Thanksgiving day for their annual gathering. Three long tables were arranged in the east room. The tables, nicely decorated with fruits and flowers, were just loaded with good things to eat, including nice turkey, goose, duck, etc., with all the attributes thereto.

At just 12 o'clock dinner was announced and seventy-five were seated at the tables. Rev. G. A. Hodgkin, a guest of the day, invoked the divine blessing, then everybody ate until fully satisfied. Each one ought to have said, "God bless all the ladies of Harper for their untiring efforts in preparing this feast. There was a desire in each of our hearts to offer a tribute of praise and thanksgiving to our Heavenly Father for the great blessings of the past year."

Saw Fortune Hunter

Mrs. J. P. Baumgartner went to Los Angeles last evening to join her husband in a visit to the Mason where they saw "The Fortune Hunter." Later they went to Pasadena where Mrs. Baumgartner will visit until some day in next week. On Monday evening Mr. and Mrs. Baumgartner will attend a production of "Pinafore" at the Maryland.

Woman's League

A meeting of this League will be held next Monday afternoon at the City Hall, at 2:30 o'clock, and all members are asked to be present.

Opening Day at Padgham's

The beautiful establishment of J. H. Padgham & Son was bright with flowers and greenery today, this being the annual holiday opening. Assisted by an efficient and obliging

corps of clerks, Mr. A. J. Padgham, was kept busy all day, particularly this afternoon, receiving visitors anxious to see the latest in Christmas novelties and staples. Mr. Padgham is showing an unusually handsome stock this season, conspicuous in which is a brilliant showing of brass, which is very popular just now. A hammered brass jardiniere was a particularly handsome piece, while an umbrella rack in the polished metal demonstrated the beauty of brass work. All sorts of handsome articles can be found in the brass, which is not only a favorite metal, but attractive and durable as well.

In cut glass there is a splendid display, the new patterns shown last year being improved on in many respects. Prices in many of the new pieces are remarkably low, and will make this line move rapidly.

One of the most valuable and fascinating showings is in the line of rings, lovely diamonds in solitaires or clusters, leading the brilliant procession of gems, while rubies, and other precious stones flash their colors temptingly before the eyes of the would-be purchaser.

In other ornaments are lovely brooches and pendants, while a line of crosses is especially pretty.

Silverware in beautiful forms, toilet articles, and all the variety of nobby articles found in such an establishment as Padgham's, are seen in profusion and the most fastidious taste can be satisfied here.

The opening will be continued throughout the evening, and will doubtless be a great attraction to hundreds of people.

Primary-Junior Union

The Primary Junior Union will meet Tuesday afternoon at 2 o'clock. Miss Meme Brockway will give the Junior lesson. The Primary lesson will be given by Mrs. W. D. Baker.

enjoyable social last evening at the home of Mr. and Mrs. Lea Warren, 814 Parton. Thirty of the young people were present and were pleasantly entertained by the committee in charge. A number of pleasing and amusing games were enjoyed. Refreshments of sandwiches, tamales and doughnuts were served.

Thanksgiving Dinners

Mr. and Mrs. Mac O. Robbins gave their first Thanksgiving dinner in their cozy home at 1802 Bush street, their guests being Mr. and Mrs. O. M. Robbins, and Miss Doris Robbins, Mrs. J. H. Garnett and Carleton Garnett, and Mrs. Emily Townner. Dinner was served at noon, a bowl of roses forming a pretty centerpiece for the table.

Mr. and Mrs. Asa Vandermast's home, ever a center of hospitality, was the scene of a family gathering on Thanksgiving day. Dinner was served at noon, the dining room being cheerful with red roses. Chrysanthemums and ferns were used in the other rooms. The turkey dinner was served at noon and the guests of the Vandermasts were Mr. and Mrs. W. G. Newell of Los Angeles, Mr. and Mrs. L. G. Lydig of Long Beach, Mr. and Mrs. Walter Vandermast, Mr. and Mrs. Walter Prince, Mrs. J. T. Newell, Miss Eva Newell, Mrs. W. G. Lydig, and Murray Vandermast.

Wedding Bells

Miss Bertha Whitehead and Jeff Ainsworth of Orange, were married yesterday morning at Riverside. The young couple will live at Orange.

The bride is the daughter of Mr. and Mrs. H. H. Whitehead, and the groom is of the well known Ainsworth family of Orange.

Miss Edith White, daughter of Mr. and Mrs. Wm. White of Ross street, was married on Thanksgiving day in Los Angeles to Benjamin F. Stroup, son of Mrs. E. L. Stroup, who is with the Horton-Spurgeon Furniture Company. The affair was of the romantic nature of an elopement and the friends of the bridal couple are waiting to congratulate them.

Finster-Simons

Arthur E. Finster and Miss Alleela Simons were married Thanksgiving at Long Beach at the home of the bride's aunt. They came to Santa Ana yesterday and were entertained in the afternoon at the home of the groom's parents, Mr. and Mrs. H. E. Finster, East Santa Clara avenue. It was strictly a family gathering and was greatly enjoyed.

A wedding collation was served at 3 o'clock and everything was most happy. Later Mr. and Mrs. Finster, Jr., went to Long Beach for the night, and left this morning for Yuma, Arizona, where the young man is employed as a druggist.

THE MARKETS

DAILY CITRUS REPORT OF EASTERN MARKET

NEW YORK, Nov. 25.—Three cars navel, one car lemons and one car Arizona navel sold. Market somewhat lower on navels, but there is a good demand at prevailing prices; steady on lemons. Raining.

LOS ANGELES PRODUCE MARKET

On the street yesterday morning there was very little trading, but on the exchange there was a different story. Very active buying and selling was the rule. Dealers through the city bought lightly owing to the fact that they were not entirely successful in disposing of all their Thanksgiving stock. Much of this still remained on hand with the result that the market showed very light business. Egg receipts were only 131 cases for two days past. The market on local stock was active. Fifty cases of Petroleum stock, season storage paid brought 34 cents in jobbing.

Butter arrivals were 44,084 pounds. The feature of the market was a very steady quotation and with reports of higher prices in other parts of the country, the possibility of a slight advance within a few days. Eastern lard butter moved very freely.

Cheese receipts were 1515 pounds. Northern fresh sold freely at the jobbing price of 17 cents. Most of the storage cheese is being used at present rather than pay the higher price of the present. Oregon twins and Edam cheese were the other two best sellers.

Three cars of Oregon Rose potatoes to arrive brought \$1.55, two cars of Oregon Burbanks brought \$1.40 and one car of northern spuds sold for immediate delivery at \$1.35. Arrivals of spuds were 1610 sacks for the day.

A car of Oregon onions for immediate delivery brought \$1.50 per hundred. Receipts of this product were 700 sacks.

There were no bean receipts reported. Pink and small whites were in fair call. Sweet potatoes were more firm and a number of jobbing sales at \$1.50 per hundred were reported. Receipts were 335 sacks.

Romanite apples moved freely at \$2.15 among jobbers. Other well colored fruit was also in good call. Prices on all apples are firm. Receipts were only 604 boxes.

Nuts were in good call. Filberts averaged 13 cents in very large quantities. California peanuts brought \$5.25 per hundred. Almonds were also in demand.

Five barrels of Jersey cranberries, some of those that were left over brought \$9.00 per barrel in a jobbing way. Other berries were down in their valuation.

SUGAR PLANT SEED ON HAND

Holly Factory People Are Letting Contracts for Building Their Factory

Huntington Beach News: The first carload of freight received here by the Holly Sugar Company arrived last Friday. It consisted of sugar-beet seed which the company bought in Colorado, after its importation from Germany, to fill the needs of early planters in this section.

Engineer Berry has engaged the services of a firm of well-drillers and drilling for water was begun at the factory site, last Tuesday. A sufficient number of wells will be sunk to obtain the supply of water necessary for the cleaning of sugar beets. Water for ordinary purposes will be obtained from the reservoirs and pipes of the Huntington Beach company.

The contract for building the boiler and smokestack of the main building was let on Monday. The smokestack will be of concrete and will be one hundred and twenty feet high. The contract for these provides for the entire completion of both boilers and smokestack by April first, next.

Forty-eight carloads of machinery have been ordered from a single firm

in the east and will shortly be on their way here. All machinery for the big factory plant will be of the latest design and will be in place in ample time for the opening of the beet season.

A corrugated iron building, thirty by seventy-two feet in dimension and twelve feet high is being erected by Contractor C. W. Warner for the sugar factory. It will be one of the permanent buildings of the plant and will be used as a tool house. A force of six men is at work on the building which will be completed in about ten days.

GOOD AUDIENCE HEARD SINGERS

The Metropolitans, presenting the Ladies' Philharmonic Orchestra and vaudeville artists at the Bell Wednesday night gave entire satisfaction to the good audience that greeted them. The orchestra work was good, as were the solos of Estelle Bird, the prima donna, and the songs of Adeline Fildes, soubrette. Throughout the entire programme the appreciative audience found the company generous in responding to the encores.

The Metropolitans have been solicited to appear at the Bell again and will play a return engagement Wednesday evening, Nov. 30, with an entire change of programme.

HOME PHONE WANTS ORANGE

Promises to Give Free Switches For County if It Can Get Into That City

At a meeting of the Associated Chambers of Commerce at Anaheim next Wednesday evening, two matters coming up for discussion are: First, the subject of the annexation by Orange county of a strip along the San Gabriel river; second, the statement of the Home Telephone Co. to the Anaheim Chamber of Commerce that if Orange will allow the Home phone to enter that city the Home will give free connections for the entire county.

The Associated Chambers has a committee delegated to make a report on the annexation matter. The Anaheim Chamber of Commerce referred the Home Telephone matter to the Associated Chambers.

A turkey dinner will be served. All Santa Anans who are going to attend the banquet should notify J. A. Willson, secretary of the Chamber of Commerce, at once.

OBITUARY

—Elizabeth Ann Clark was born in Choctaw county, Alabama, April 12th, 1832. She was left an orphan at eight years of age and was raised and educated by an uncle and aunt. In 1857 she married C. L. Conner, of Montgomery, Ala., coming to California in 1858, living for eighteen years in Sacramento and later in Santa Rosa, coming from the latter place to Tustin, Southern California, in 1876.

May 2, 1877, Mrs. Conner was left a widow with nine children, the youngest being only two years old. After a couple of years she moved to Santa Ana with her family, where she has lived ever since. By her untiring energy and devotion she has kept the family together and raised the children to maturity. The circle was broken in 1892, when the third daughter, Mrs. Dean, "went on before."

All of the children were at the bedside of their mother the last few days with the exception of a daughter in the northern part of the state, and who was detained by illness. After a year of intense suffering Mrs. Conner "crossed over the river," Nov. 24th, 1910, leaving four sons, Mr. H. W. Conner of Julian, San Diego county, R. P. Conner of Escondido, F. E. Conner and B. A. Conner of Los Angeles. The daughters are Mrs. R. L. Freeman, Mrs. L. E. Martin of Auburn, Cal., Mrs. R. M. Price of Santa Ana, and Mrs. Carrie McKimney of San Diego. The dear mother will be sadly missed, but all are glad she is enjoying the sweet peace she so richly deserves.

future. I see Uncle Sam dragging at the mouth of Newport Bay, and throwing out jetties. Here where we stand is a city reaching to the foothills, and I see the great inner bay caring for hundreds of vessels."

Church in Civic Life
"God has joined the church and civic life together in a vital sense," said Rev. J. A. Stevenson in response to the toast, "The Place of the Church in Civic Life," and they ought never to be separated. The preacher who will let any man put a muzzle on him ought to quit. If he is afraid to make himself heard he has no right to preach. Back of all moral movements the church has been found. The great questions of the nation are all moral questions. The church is doing her part to keep clean men in office."

Merchant Marine
District Attorney S. M. Davis spoke on "The Merchant Marine."

"We on this coast think the Pacific should have a merchant marine and a squadron to protect it. We want a merchant marine if it is necessary to subsidize to have it. We must be on the look-out else the trade to be opened up by the Panama Canal will go to the Japanese flag instead of to the Stars and Stripes."

"As a guarantee of peace and as a matter of protection, we believe there should be a big squadron upon the Pacific seaboard. The future of the nation demands these measures."

The toastmaster called upon James S. Rice to give his Chinese story, "Him Say No." No one has the Chinese "talkee" down any better, and yells of laughter followed the story.

L. A. West Speaks
"Our City's Needs" was spoken upon by Attorney L. A. West.

He said it is not more churches, more schools, a courthouse or better young men that Santa Ana needs. The average intelligence of the people is as high as any place in the United States.

"It does need a big convention hall, that people from elsewhere may come here and see what we have. It needs more parks. It needs a Y.M.C.A. No city has back of it more things that make for material progress than has Santa Ana."

Rev. C. H. Seecombe responded to "The Church in Political Life." He said that the church has a mission in politics, for the church leads in things that make for the common good. Rev. Seecombe said that Santa Ana considers Senator Smith as a fellow townsman, and that it will watch his career with great interest.

Need Public Building
Postmaster L. L. Shaw spoke upon "Do We Need a Postoffice Building? How to Get It."

"Santa Ana has as good a post-office building as it will ever get by a lease, no better in Southern California in a rented building. Santa Ana owes a debt of gratitude to William H. Spurgeon for the building we have."

"We now have thirty employees in the postoffice. In ten years we will have sixty. Long before then we will be a first class office, and our quarters will be too small. I would like to have Easterners come here and see us in a Federal postoffice building."

"Property is advancing, and it will take several years to complete the building. It is time to begin work toward getting that public building. We can get a start through Congressman Smith and other California representatives, and we also hope for the strong support of Senator Smith."

"The Judiciary"
Superior Judge West replied to "The Judiciary." He said that the judiciary is the balance-wheel of the nation. He said that the criticisms of the bench are not generally just, for the reason that the matters are not considered by the public in all their bearings. The case of Dr. Crippen is an object lesson to American courts, who are criticized for slowness.

"Yet we have improved upon the English procedure in many respects," said the judge.

"We must guard against the apparent tendency of the younger generation to disregard the law. Are we older people responsible for that disregard?"

Judge West instanced two cases in court where sentences might have been criticized as unjust, merely because the circumstances were not understood by the people.

"We should all speak advisedly of the courts," said he, "and all stand together, else that flag will not float over a free people."

Senator Smith Speaks
"We have been speaking of our needs, senator," said the toastmaster to Senator Smith, "and among other things we have hoped to impress upon you the call of the western seaboard."

When called upon, the senator arose amid cheers. He said he had long known of the fertility of the soil and the gentleness and attractiveness of the climate of this valley. He complimented the speakers and the hospitality of the Chamber of Commerce.

"I don't think you are asking too much," he said. "Your needs have been well put. This modest statement of Mr. McFadden's about the growth of the county is a thrilling statement of enterprise. Nothing has been overdrawn in your descriptions of the future."

"I have been particularly touched with your estimate of my attachment to Santa Ana. There are not many people who realize as you do that I was so blessed by heaven when I was given the father and mother I was given. In Michigan there are many legends true and untrue concerning my youth, all beautiful to hear, but you cannot know how sweet it is to have this close association in the minds of men with my parents. The greatest achievements of life are the achievements of our children. I

have held high place, and if there is anything that I have done that appeals to my countrymen, I pass the credit to my parents."

Showing that the sun never sets upon the possessions of the United States, the senator said that a man in public life must measure all things by a comprehensive vision.

"What I have heard has impressed me greatly. I know a public man ought to be slow to commit himself, but I say that this community need never fear that I shall sleep at the post while your interests are at stake. I shall come here as often as I can and stay as long as I can."
